

Social Economy Transition Skills

SETS project aims to develop, test and disseminate **programmes and training modules on suitable skills development** to foster the *Green and Digital transition of Social Economy Organisations (SEOs)*

Activities and results are monitored through a specific **ICT-driven impact assessment & management methodology**

Consortium

SETS partnership covers 4 EU Member States, but its actions will have a significant impact at a pan-European level

4 countries

France
Slovenia
Belgium
Italy

Funded by
the European Union

Main outcomes

6 pilot training courses

2 re-skilling
4 up-skilling
France and
Slovenia

Certification
and recognition
of identified
skills and
competencies

Impact report
Policy
recommendations

Future
scalability and
replicability of
innovative
practices

Pre assessment framework

SETS builds upon the outcomes of the **Blueprint Alliance** projects running in the Proximity and Social Economy Industrial Ecosystem, and other relevant project on Green and Digital Skills
